

Region 9 Area Agency on Aging Goals

Taken from the Program Development Objectives for FY 2021

- A. Advocate for senior programs and engage in dialog with the aging network constituents and elected officials.
- B. Promote caregiver wellness and empowerment by providing education to enhance the caregiver experience.
- C. Increase capacity to provide non-emergency medical transportation within the PSA.
- D. Expand opportunities for seniors to participate in Evidence-Based Disease Prevention (EBDP) programs.
- E. Promote independent living and self-choice in developing care programs by offering long-term supports and services.
- F. Provide education on Medicare and Medicare Fraud awareness.
- G. Increase public awareness of signs of abuse, neglect and financial exploitation among senior populations.
- H. Foster development of new collaborations and enhance current partnerships to build the aging continuum.
- I. Improve the quality and effectiveness of services provided through the regional aging network and Region 9 Area Agency on Aging partners.
