THE BENEFITS

The Caring Place Adult Day Center is specifically designed to enhance the relationship between the guest and the caregiver by:

- Providing a social outlet for the guest
- Improving and maintaining the guest's functional abilities
- Increasing the guest's self esteem
- Allowing the caregiver needed respite

CARING FOR OUR GUESTS

The Caring Place Adult Day Center is a safe and engaging therapeutic social outlet for adults affected by dementia, Alzheimer's disease and related disorders. We treat our clients like guests in our home. At The Caring Place, guests are given the opportunity to build friendships and improve functional abilities by participating in games, conversations, social programs and other activities.

CARE FOR YOU, THE CAREGIVER

Not only does The Caring Place enhance the quality of life for its guests, it also supports those who care for them at home. We understand the emotional and physical challenges associated with caring for those affected by these disorders. We also understand why caregivers are hesitant to set aside much needed personal time. However, we are dedicated to giving our guests one-on-one care in a safe environment so caregivers can comfortably take a moment to run errands, work or enjoy a bit of personal time.

OUR DEDICATED STAFF

Our staff includes a program and activity director, specially trained and certified nurses, program aides, volunteers and nursing students. Trust your loved one to our caring professionals.
