Interested in a more positive care-giving experience?

Listen to what caregivers who completed the workshop had to say:

- *"The information in the class was absolutely invaluable. A weight has been lifted. I can't thank you enough."*
Gaylord Caregiver
- *"I really benefited emotionally. I understand what my mom is going through now and I have patience to help her."*
Cheboygan Caregiver
- *"I learned to accept things as they are and to do my best to take care of my husband as long as I can ... and to ask for help even for myself and not feel guilty."*

- Reduce caregiver stress
- Improve caregiver self-confidence
- Create a positive care giving environment
- Plan daily activities for your loved one based on their strengths

Workshop Basics

The Creating Confident Caregiver Program is designed to assist individuals caring for family members who have a dementia such as Alzheimer's disease and still are living at home.

This program has been found to reduce the stressors of caregiving by providing tools and information to help empower caregivers.

The workshop meets for two hours once a week for six weeks.

The program provides family members with information and tools in four main areas:

- **Managing Daily Life**
- **Managing Behavior**
- **Managing Own Well Being**
- **Managing Resources**
